- Work/life balance
- Competitive salaries
- Contribution to one of the most stable retirement plans in the nation
- Affordable healthcare options
- Longevity pay
- Auditing in public service offers a challenging and rewarding career that will allow you to make a difference.
- Our audits result in dependable and accurate information that helps empower a successful state government.

Audit Careers:

NCDOR has approximately 300 auditors across the state. Most of these opportunities are located in Raleigh, however there are ample opportunities located in eleven service centers across the state. We offer two career paths!

Tax Auditor

- Requires a bachelor's degree and 12 credit hours of accounting.
- Review and audit tax payer returns for individual income.

Field Auditor

- Requires a bachelor's degree and 18 credit hours of accounting.
- Review and audit tax returns for businesses/corporations.
- Travel is required for this position, although overnight travel is rare.

Both of the career opportunities determine tax liability and communicate options to assist taxpayers into tax compliance.

If you enjoy accounting, auditing and have a passion to help customers, then we encourage you to apply!
