

Welcome Back to Campus!

Happy New Year! I hope that you have had an incredible holiday season and break. As we are entering the Spring semester - I wanted to ensure to touch base with you as we are entering into the New Year.

Recruiter Update

Firstly - I am so excited to be supporting your campus! If we have not met yet; I began at Deloitte in August 2022 supporting a range of opportunities in Audit, Tax, and Advisory. I came with several years of Campus Recruiting experience along with higher education experience prior to joining the firm. My hopes and goals is to be an active supporter to each student at NC State University.

An update from myself - personally - coming March 2023 - I will be on Maternity leave. I will have a teammate who will be available to assist in anything you may need. Feel free to email me and I will get you the right point of contact for March - August and the campus will be aware of my partner in advance.
