**Finance Workshops Series**

Finance Workshop Series
Organizer: Mark Walker

None to report.

**Graduate Student Academic Year Workshop**
Fridays from 3-4:15pm in Nelson 4210.

To sign up for a slot, please email Prof. Melinda Morrill (melinda_morrill@ncsu.edu) with your preferred date(s), the type of presentation (30 minute or 1 hour 15 minute), your main advisor(s), and your title/topic. The schedule will be posted at (http://www4.ncsu.edu/~msmorril/NCSU_GradWorkshop.html) and will be updated continuously.

Graduate students are encouraged to present work at any stage. For very early-stage work, students should elect for 30 minute slots. The 1 hour 15 minute slots are reserved for work that is closer to completion. For either type of workshop, students are required to prepare slides and a formal presentation.

Students must register for a slot at least two weeks in advance so that the classroom can be reserved. Prior to signing up for a slot, students should consult with at least one faculty member. Students are responsible for making sure their main advisor and at least one other faculty member in their area of interest are available and willing to attend *prior* to requesting a date.

A schedule of all student presentations will be posted. Students presenting should send out one email advertising their talk about 4 days in advance. The email should be sent to graduate students and faculty members in the Economics and ARE departments.

The Tree Seminar Series

Spring 2013 Triangle Resource and Environmental Economics (TREE) seminars are as follows:

April 4, 2013, Kevin Boyle, Virginia Tech

All seminars are at 3:15 on the RTI campus. Papers and further details on each seminar will be disseminated closer to the seminar dates. Please contact Roger von Haefen (rhhaefen@ncsu.edu) or Marty Smith (marsmith@duke.edu) if you have any questions.

CEnREP has joined with RTI International and Duke University to present the Triangle Resource and Environmental Economics Seminar Series. Support for the workshops is provided by the Department of Agricultural and Resources Economics and the Department of Economics at NC State University, RTI International and Duke University. Prominent speakers are brought in from universities throughout the nation as well as government agencies to speak on topics of current interest. Workshops are held on the campus of RTI International in Research Triangle Park (map). The workshops are coordinated by Dan Phaneuf, CEnREP Associate Director, George Van Houtven of RTI International, and Marty Smith of Duke University.

WARNING ABOUT SECURITY PROCEDURES AT RTI! The gates at the two main entrances are working 24/7 (instead of just after office hours). Visitors should use the intercom at the gate and tell the security person they are at RTI for the TREE seminar. That should be enough to get them inside the campus and from there everything should be business as usual. If there are any problems at the gate, visitors should ask for Melissa Jessup (x7137) or for George Van Houtven (x7150).
