POSITION: Assistant Professor, Farm Management and Production Economics; tenure track position

ANTICIPATED START DATE: August 28, 2013

RESPONSIBILITIES: The successful candidate is expected to establish a distinguished program of research and extension in farm management and production economics. Responsibilities will be 50% research and 50% extension.

The successful candidate shall develop a distinguished program that integrates problem-solving research and outreach. The research shall be published in appropriate scholarly outlets. The research would address some of the myriad of issues facing the managers of farms and agribusinesses. These issues might include financial management, labor management, environmental issues, input and output decisions and commodity marketing. The advising of graduate students is expected. The individual may eventually teach courses in farm management.

OPPORTUNITIES: The faculty of the Charles H. Dyson School of Applied Economics and Management consists primarily of applied economists who have a long-standing tradition of problem-solving research that relates to issues of interest to farm and business managers and those who work with them, as well as policy-makers at the state and national level. The College offers excellent collaborative opportunities in both research and outreach with colleagues in production departments. There are opportunities for collaboration with faculty in the Dyson School as well as across Cornell University with an interest in management.

The Charles H. Dyson School of Applied Economics and Management, and the College of Agriculture and Life Sciences at Cornell embrace diversity and seek candidates who will create a climate that attracts students of all races, nationalities and genders. We strongly encourage women and underrepresented minorities to apply.

QUALIFICATIONS: A Ph.D. in agricultural economics, economics, or applied economics, is required. Applicants must have strong training in management, finance, economics and quantitative methods.

APPLICATION: Electronically submit to farmmangement@cornell.edu, your letter of application; vita (including a list of publications and evidence of teaching experience); personal statement summarizing interests and leadership efforts; reprints of selected major papers; graduate transcript; and names of three references.
