Full-Time Employment Opportunity (Deadline: April 29, 2014)

Financial Institution Specialist (Trainee): This is an entry-level trainee position with the Federal Deposit Insurance Corporation, one of the nation's premier bank regulatory agencies. Successful applicants are placed in a 3-4 year training program leading to professional certification as a commissioned bank examiner or resolutions and receivership specialist. Participants receive regular grade and pay increases during the program as they complete established training benchmarks. Salaries start at $51,032-$68,380 per annum, depending on location, with regular salary increases and an excellent vacation and benefits package. During the first year of the program, participants perform rotational assignments to become familiar with the Corporation’s major business functions. They are then placed in one of three disciplines to complete the requirements for a commission: (1) Risk Management (to evaluate the financial condition of insured institutions); (2) Compliance/Consumer Protection (to ensure compliance with fair lending, consumer protection, and community reinvestment statutes and regulations); or (3) Resolutions/Receivership Management (to oversee the closure of failed financial institutions and management of the ensuing receiverships).

Financial Institution Specialists (FISs) assess financial institutions to determine whether they are following safe and sound banking practices, maintaining effective internal controls and procedures, managing their institutions effectively, and complying with all applicable laws and regulations, including those relating to consumer protection, privacy, community reinvestment, and fair lending. They also participate in activities related to the closing and sale of failing financial institutions and the management of the ensuing receivership, including the management and disposition of failed bank assets. The FDIC seeks applicants with strong analytical and quantitative skills, knowledge of the basic principles of accounting and finance; the ability to communicate effectively both verbally and in writing, the ability to work both independently and in teams, and an interest in public service.

Minimum Educational and Other Requirements:

1. U. S. citizenship.

2. Completion between December 27, 2010, and December 31, 2014, of an undergraduate or graduate degree at an accredited college or university with a major in business administration, banking, finance, economics, accounting, marketing, or a related field; and fulfillment of specified requirements for Superior Academic Achievement as an undergraduate or completion of at least one year of study at the graduate level.

3. Completion before beginning work of at least 24 semester hours (or equivalent) of undergraduate and/or graduate coursework in economics, accounting, finance, marketing, or
business administration, including at least 6 semester hours (or equivalent) of accounting coursework at an accredited college or university.

**How to Apply:** If you are interested, apply online at the following web site by April 29, 2014: [http://www.fdic.gov/about/jobs/safeguardyourfuture](http://www.fdic.gov/about/jobs/safeguardyourfuture). The best qualified applicants will be invited to Washington, DC, for interviews at FDIC expense during the week of June 23-28, 2014.
