**Position Announcement**

**Position Title:** Assistant Professor and Extension Economist - Management  
District 11, Corpus Christi, Texas

**Appointment:** Texas A&M AgriLife Extension Service, Department of Agricultural Economics, Texas A&M University System

**General Duties and Responsibilities:** Responsibilities involve District leadership and coordination for Extension education programs and applied research in management, marketing, resources, and policy by providing technical expertise and educational program development for industry audiences such as farmers and ranchers, merchandisers, processors, lenders, and users. Other relevant audiences include trade associations, media, and federal and state employees working with these central Texas audiences. Overall responsibilities require individual and team efforts to plan, develop, implement and evaluate curricula, extension education programs, and applied research related to production economics, marketing, risk management, technology transfer, analysis of economic choices and impacts, and other issues facing crop and livestock producers and other industry clientele. Educational program delivery will include Extension and other peer reviewed publications, workshops, conferences, computer and web based software, electronic and mass media releases. The individual also will be responsible for developing grant proposals where appropriate to support the applied research and Extension efforts for the position. The successful candidate will be expected to cooperate with Campus and other District based Extension/Research Faculty, District Extension Administrators, County Extension Agents, Regional Program Directors, and other specialists, as necessary in developing and delivering nationally recognized programs for Extension faculty and clientele. Travel in- and out-of-state is necessary to fulfill job responsibilities.

**Qualifications:** A Ph.D. degree completed, or all but dissertation, in Agricultural Economics or closely related field along with coursework in one or more of the following areas farm management, management, marketing, policy, and risk management is required. Preference will be given to candidates with experience in extension, research, or similar work within the agriculture industry and a demonstrated ability to communicate effectively, cooperate as a team member, lead applied research efforts, and demonstrate a willingness to be heavily involved in outreach education with constituency groups.

**Closing Date for Applications:** January 15, 2013, or until the position is filled.

**Application Process:** Go to [greatjobs](https://greatjobs.tamu.edu/) website to apply electronically.  
Refer to Notice of Vacancy (NOV) # (06512)
