Kansas State University invites applications for a tenure-track opening beginning August 2014 at the assistant professor level in the field of time series econometrics. Candidates are expected to provide quality teaching at the undergraduate and graduate levels, contribute to the Department's Ph.D. program, and publish in leading journals. The normal teaching load is two courses per semester. Preference will be given to candidates doing research in empirical macroeconomics, but we will consider all exceptional candidates doing research in the field of time series econometrics.

The position requires a Ph.D. or expected completion by fall 2014. Candidates should have a commitment to work with a wide range of constituents and a diverse student population. Screening of applications begins November 15, 2013 and continues until the position is filled. Kansas State University is an equal-opportunity, affirmative-action employer, and actively seeks diversity. A background check is required for employment.

Applications should include a cover letter, curriculum vitae, sample of recent research, evidence of teaching effectiveness if available, a brief statement describing research and teaching interests, photocopy of graduate transcripts, and three letters of recommendation. Applications should be submitted electronically at www.ksu.edu/economics/jobopenings/
