Financial Institutions Internal Audit & Compliance Manager  
Raleigh, NC

Elliott Davis Decosimo, LLC is one of the top 30 accounting, tax and consulting services firms in the U.S. Serving clients for over 90 years, our Firm is deeply rooted in the history and economies of the markets we serve. It is our mission to make a positive impact on our clients, our people and our communities. Consistently named a “Best Place to Work” in major markets, we promote an inclusive, progressive culture, aiming to maintain continuity of staff as well as provide senior team member involvement on all client engagements.

With a 70-year reputation and a team of more than 100 professionals serving financial institutions, our Financial Institutions Group helps banks operate stronger, wiser, better. Join the team that more than 160 financial institutions, large and small, depend on.

Job Responsibilities include:

• Lead internal audit engagements surrounding various functions of community financial institutions
• Research, interpret and apply audit procedures related to deposit, lending, AML/BSA and bank-wide regulatory compliance requirements
• Evaluate client’s internal control systems and develop recommendations to improve client processes, accounting systems, control structure and procedures, and efficiency
• Report findings and recommendations to client’s management as required
• Bottom-line management of assigned engagements and individual productivity opportunities
• Delegate work assignments
• Provide honest, objective and constructive feedback in timely manner to staff
• Review work of other engagement team members
• Recruit new and experienced staff
• Draft internal audit and compliance reports

Candidate Requirements include:

• 3-5 years internal audit and/or compliance related position with community banking experience
• Working knowledge of regulatory environment and applicable banking regulations impacting the financial services industry
• CPA, CIA, CRCM, CFSA or other relevant regulatory compliance certification or progress toward certification preferred
• Bachelor’s degree required
• Strong oral and written communication skills
• Effective analytical and problem-solving ability
