Academic Regalia

The master's and doctoral graduates typically wear a traditional black cap and gown and a colored hood. Of all the components of the academic costume, the hood is most symbolic. The hood's coloring and size represent the level and subject of degree earned, as well as the institution from which it was awarded. The hood has colors on it in two different places. On one side of the hood there are patches of velvet, and on the other side there are large patches of silk. The silk patches are the colors of the institution that gave the degree. The velvet indicates the area of study.

Faculty typically wear the regalia of the institution from which they earned their highest degree.

The graduates typically wear a cap or "mortar board" with a tassel. The tassels for the PhD degree are gold, and those for other graduate and professional degrees may correspond to the trimmings on the hoods.

The stoles and cords represent a rich variety of honors and associations in which the graduates have participated during their time at North Carolina State University.

Commencement Speaker

Wendy Douglas MBA '01 Vice President, Enterprise Digitization and Operations, TechFides

Douglas has over 30 years of experience in technology roles that include business relationship management, strategy development, program management and technology solutions development. The Poole College of Management Story

poole.ncsu.edu

At the Poole College of Management, we instill an entrepreneurial mindset in all our students, so that each of them will bring creative and innovative thinking to bear on business problems. We build analytical skills into every program, so graduates leave here ready to lead — whether in a two-person tech startup or a Fortune 500 boardroom. We're also deeply rooted in NC State's history as a university that excels at science, technology, engineering and math. The result: a dynamic research and learning environment for our students and our partners in business and industry.

The Poole College of Management was founded in 1992 as NC State's first College of Management. The college is fully accredited by the AACSB. The strength and relevance of the college's programs have led to three landmark gifts: Jenkins Graduate Programs 2007 (Benjamin P. Jenkins III); Poole College of Management 2010 (Lonnie C. Poole Jr.); Zelnak Dean's Chair 2014 (Stephen P. Zelnak Jr.).
